Best Lawyers: 82 Lawyers of BEITEN BURKHARDT Recommended as Best Lawyers for Germany

Munich, 25 June 2021 - The US specialist publisher Best Lawyers has published its latest ranking of the best lawyers for Germany. These results are based on recommendations from competitors and thus confirm the high reputation of the lawyers named in the ranking. The research is traditionally based on an extensive peer-to-peer survey. In this survey, only lawyers are asked about the reputation of their competitors. The aim is to name colleagues outside one's own law firm: The respondent is supposed to make a recommendation in the hypothetical case that he himself cannot take on a mandate due to time constraints or a conflict of interest.

The result is a comprehensive overview of the most respected lawyers who receive the Lawyers of the Year 2022 award due to their outstanding reputation in the market.

There are 82 lawyers of BEITEN BURKHARDT who are recommended in at least one area of law, with all five of the firm's German offices represented: Munich with 39 professionals, Berlin with 14 and Frankfurt with 13, Düsseldorf with 11 and Hamburg with 5.
