

BEITEN BURKHARDT

We would like to invite you to participate in the online seminar "**Royalties are once again under the spotlight of the customs authorities**", organised by BEITEN BURKHARDT Russia. Based on specific examples from actual practice, we will consider the reasons for disputes over licensed goods, indicate how a successful defence can be organised in a dispute with customs authorities and explain how the size of additional accruals can be reduced legally. We will discuss:

1. Import of goods and equipment into Russia for production and sales purposes
What types of supply agreements and structures are used on the market and why do disputes with the customs authorities happen?
2. Customs value of imported goods and equipment
When do royalties increase the customs value?
3. Disputes with the customs authorities on the calculation of the customs value
Overview of current practice and defence options
